
Overview

This standard covers the competences you need to contribute to post-disposal tasks for explosive substances and/or articles in accordance with approved procedures and practices.

You will be required to demonstrate that you can carry out final post-disposal checks as directed, using the equipment, consumables and services correctly during post-disposal tasks in accordance with approved procedures.

This activity is likely to be undertaken by someone whose work role involves Weapons, Ordnance, Munitions or Explosives work activities. This includes people working as disposal operators and general explosives workers.

Performance criteria

- You must be able to:*
- P1 work safely at all times, complying with health and safety, environmental and other relevant regulations, legislation and guideline
 - P2 carry out final post-disposal checks as directed
 - P3 use the equipment, consumables and services correctly during post-disposal tasks
 - P4 maintain the equipment in accordance with your organization's procedures
 - P5 remediate the work environment as directed, disposing of residues and products within the limits of your responsibility
 - P6 report faulty equipment in accordance with your organisation's procedures and/or the manufacturer's instruction
 - P7 report the data and information as directed
 - P8 report any problems beyond your level of authority to the appropriate person

Knowledge and understanding

- You need to know and understand:*
- K1 the health, safety and environmental and other statutory legislation, regulations, safe working practices and procedures governing explosives and their implications for your area of work
 - K2 the relevance of personal protective equipment (PPE)
 - K3 the nature, characteristics, hazards and risks of the explosive substances and/or articles
 - K4 the actions to be taken in response to an unplanned event
 - K5 the disposal plan, the procedure and your role in it
 - K6 the roles and responsibilities of team members
 - K7 the importance of completing post-disposal tasks
 - K8 how to collect and dispose of residues and products
 - K9 the condition to which the site must be left
 - K10 the equipment, consumables and services needed to complete post-disposal tasks
 - K11 how to use, maintain and report faults in the equipment
 - K12 reporting lines and procedures
 - K13 your level of authority and of those with whom you work

COGESA11.20

Contribute to post-disposal tasks for explosive substances and/or articles
